MEMORANDUM FOR RECORD

SUBJECT: Endorsement of the 38th RSG Motorcycle Mentorship Program (MMP)

1. I give my full endorsement to the 38th RSG MMP Program and Riding Club being included and formally acknowledged by the Army Combat Readiness Center, as the 11th such program nation-wide, and 1st Army Reserve sponsored MMP Program.
2. The purpose of the 38th RSG MMP Program is to promote responsible motorcycle riding and composite risk management during on and off duty hours for Soldiers who ride motorcycles. This local MMP strives to fulfill all goals and duties associated with USARC Reg. 385-2, Motorcycle Safety FORSCOM Memorandum dated 16 MAR 07, and ALARACT Message 218/2006 in regard to motorcycle safety.
3. The 38th RSG MMP Program and Riders Club has been established in accordance with guidelines and specifications set forth in the Combat Readiness Center web site: <https://crc.army.mil/mmp/>.
4. The 38th RSG MMP Program and Riders Club also has my support in establishing a robust program of safe motorcycle riding mentorship and training, not just for club members, but for all Soldiers within the command. The program will act as a lead agent in Basic Rider Course training and tracking, as well as a combat multiplier in veteran support, local community outreach, and strength and recruiting initiatives.
5. Please direct any further questions or comments to 38th RSG Additional Duty Safety Officials at (304) 721-0620 or <mailto:james.m.akers@usar.army.mil>.
