# GEAR UP!

AND TAKE THE KEYS

- Be a battle buddy – stay sober and take the keys when necessary.

- Always have a designated driver.

- Celebrating alone? Check to see if your unit, installation or local MWR offer a designated driver program or taxi service.

- Remember that buzzed driving is still drunk driving.

- If you're too drunk to drive, you could be too drunk to walk home. Ride with a designated driver or call a cab.
