PMV-4 Mishap Claims One Soldier's Life

A 19-year-old Private assigned to 20th Engineering Brigade, Fort Bragg, North Carolina, died in a PMV-4 mishap 17 March 2018 in Floyd County, Indiana, at 0230 local. The Soldier's vehicle exited the interstate, traveled into the median and rolled numerous times before coming to a rest inverted. He was reportedly not wearing a seat belt.

ENGAGEMENT TIPS:

- Forty-eight percent of passenger vehicle occupants who were killed in traffic crashes in 2016 were unrestrained.
- Seat belts saved an estimated 14,668 lives of passenger vehicle occupants 5 and older in 2016.

- Research has found that lap/shoulder seat belts, when used, reduce the risk of fatal injury to front-seat passenger car occupants by 45 percent and the risk of moderate-to-critical injury by 50 percent.

PLRs provide leaders with awareness of Army loss and highlight potential trends that affect combat readiness. Our Army depends on you to use these PLRs to help Soldiers understand the impact of decisions made on and off duty.
