Training Mishap Claims One Soldier's Life

A 25-year-old Specialist assigned to U.S. Army Reserve Command died in association with a training event conducted on 20 June 2018 on Camp Blanding, FL. The Soldier was attending the Basic Leader Course and participating in a Land Navigation Course Evaluation when he failed to report to the accountability formation at the conclusion of the evaluation. His body was found two days later following an extensive search. The USACRC is leading a centralized accident investigation into the mishap.

PLRs provide leaders with awareness of Army loss and highlight potential trends that affect combat readiness. Our Army depends on you to use these PLRs to help Soldiers understand the impact of decisions made on and off duty.
