## PMV-4 Mishap Claims One Soldier's Life

A Specialist assigned to Fort Campbell, Kentucky, died in a PMV-4 mishap 5 February 2022 in Springfield, Tennessee, at 0420 local. The Soldier was traveling westbound on I-24 when he lost control of his vehicle and struck a tree. The specific circumstances of the mishap, including the Soldier's use of seat belt, speed, and alcohol or drugs as contributing factors, are currently unknown. The safety/unit points of contact are waiting for local law enforcement to release their final report.

**Since 2017, the Army has lost an average of 36 Soldiers a year to PMV-4 mishaps. This mishap was the eighth PMV-4 fatality of FY22 and below the number of fatalities for the same time period last year.**

*PLRs are intended to be used as an engagement tool for leaders to discuss the hazards and trends impacting Soldier safety and readiness. The PLR contains only basic information but provides sufficient background to allow leaders an opportunity to communicate risk at the Soldier level. More detailed information on this and other Army mishaps can be found on the U.S. Army Combat Readiness Center website at <https://safety.army.mil/lessonslearned>.*
