## PMV-2 Mishap Claims One Soldier's Life

A Sergeant assigned to Fort Campbell, Kentucky, died in a PMV-2 mishap 10 April 2022 in Clarksville, Tennessee, at 2345 local. The Soldier reportedly failed to negotiate a curve, struck the curb, and was ejected into nearby trees. The specific circumstances of the mishap, including speed, the involvement of alcohol or drugs, the Soldier's use of personal protective equipment, and completion of the required Motorcycle Safety Foundation training, are currently unknown. The safety/unit points of contact are waiting for local law enforcement to release its final report.

**Since 2017, the Army has lost an average of 25 Soldiers a year to off-duty PMV-2 mishaps. This mishap was the 13th off-duty PMV-2 fatality of FY22.**

*PLRs are intended to be used as an engagement tool for leaders to discuss the hazards and trends impacting Soldier safety and readiness. The PLR contains only basic information but provides sufficient background to allow leaders an opportunity to communicate risk at the Soldier level. More detailed information on this and other Army mishaps can be found on the U.S. Army Combat Readiness Center website at <https://safety.army.mil/lessonslearned>.*
