PMV-4 Mishap Claims One Soldier's Life

A 26-year-old Private First Class assigned to Fort Bragg, North Carolina, died in a PMV-4 mishap 22 July 2022 in Augusta, Georgia, at 1840 local. Currently, only time and location of the mishap are known as the safety/unit points of contact are waiting for local law enforcement to release their final report. Other specific circumstances such as mishap sequence, speed, the involvement of alcohol or drugs, or the Soldier's use of a seat belt are still unknown. It is also unknown who notified 911.

Since 2017, the Army has lost an average of 35 Soldiers a year to PMV-4 mishaps. This mishap was the 20th PMV-4 fatality of FY22 and below the number of fatalities for the same time period last year.

PLRs are intended to be used as an engagement tool for leaders to discuss the hazards and trends impacting Soldier safety and readiness. The PLR contains only basic information but provides sufficient background to allow leaders an opportunity to communicate risk at the Soldier level. More detailed information on this and other Army mishaps can be found on the U.S. Army Combat Readiness Center website at <https://safety.army.mil/lessonslearned>.
